

SNOW GIRL DIRECTIONS

BY Teagan 18B

1. Step go to the fill in button and go to the color and go down to white and move over 5 colors and go up two and that is your color the number is #fff099.
2. To make your snow girl go to shapes and click a ball make it white and draw the bottom to 2.5in. and the middle 2in. and the top 1.2in. Now the arm. The left Arm is located about 8cm up from the bottom. The right arm is located on the right arm it will go to 1in. and the fingers each $\frac{1}{2}$ cm. and the little line is $\frac{1}{2}$ to. Now the left arm. The left arm is 1in. and the fingers are 1 in and the one in the middle is $\frac{1}{2}$ a cm.
3. Now the scarf. The scarf color number is #9966ff and it is a purple. To get to the purple you go to the left bottom corner and move over three counting the first one and you should have it. Now how to draw the scarf. The size of the line should size 11. You simply go across the snow girl's neck you go tell you get to 1in. Go a little bit up top but not even a cm. and after you get that done you will start going down. You will go down tell you get to 1 in. and you should have a bigger dot on the bottom but not too big. The with is $\frac{1}{2}$ a cm. and you have it.
4. Ok now the hat. The hat color number is #ff33ff and it is a pinkish purple. How to draw the hat first you go to the shapes and chose a square and make it 1cm. wide and 1cm. long and know the little rectangle on the bottom of the square. The rectangle is 2 $\frac{1}{2}$ cm. long. Now the lines. Before you start you are going a cross. The first line on the top is one cm. long and you keep going down with the measure met of one cm. the very bottom line is 2 $\frac{1}{2}$. Now the lines going down. The first one is 1cm. and at the very bottom you do lines the size of the bottom rectangle.
5. To make the nose you go to the shapes and you get a square and the size of the square is 2/10 is the with and the length is the same thing 2/10s.
6. Now the stars there is 22 stars now some of them look like the asterisk symbol on your keyboard number 8. To do the stars you go to the shapes and get the star looking thing and then you have it.
7. To make the other 21 stars, just use a variety of star shapes (with 8 points). Make them all thin-lined and white. Place them all around the background.
